

Quality Management Policy

The Seanamic Group is committed to supplying the highest level of product and services to its customers. By consistently providing market leading products, we will develop customer loyalty and achieve strong business performance.

It is company policy to:

- Develop and maintain a business management system in accordance with international standards.
- Continually maintain the integrity of the quality management systems by providing sufficient resources.
- Work with all stakeholders to provide products that fully meet customer requirements.
- Ensure through training that staff understand their roles in maintaining high standards of workmanship and customer service.
- Provide employees with suitable, and achievable, objectives, as identified through the strategic objectives of the business and maintain a framework to review these at agreed intervals.
- Strive for continual improvement in performance.
